

FREE EDUCATIONAL RESOURCE TO REDUCE CYBER RISK

Every year, thousands of breaches are reported, exposing millions of people's personal information.

The eRiskHub® portal, powered by NetDiligence®, is an effective way to combat privacy breaches and other types of cyber losses, as well as educate yourself and your team to be vigilant. As a USLI or Devon Park Specialty Insurance customer and employee, you can access the eRiskHub® portal with your USLI username and password and begin using this benefit that is valued in excess of \$1,200 a year! eRiskHub® is the one-stop shop you need to become educated and prepared for a privacy breach.

This FREE service is available to USLI and Devon Park Specialty Insurance customers and employees.

Simply follow this path:

1. Log in at www.usli.com or www.devonparkspecialty.com
2. Products or Underwriting Teams
3. Professional Lines
4. eRiskHub®

Using proprietary tools anchored in proven risk management principles, NetDiligence® provides a full range of enterprise level information security, e-risk insurability and regulatory compliance assessment and testing services. NetDiligence® supports and is endorsed by some of the world's largest network liability insurance underwriters.
